EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife.

Please see our website for the latest information: <http://www2.epa.gov/goldkingmine>

Regular updates will be posted as they are available.

EPA Hotline: 844-607-9700

**Subject:** Use your God given brains!

Who are the people who released toxic waste into the Colorado River from the mine. These individuals and their Supervisors should be forced to drink and bath in this water. Do they have no grey matter in the heads? Need I say more? I would like a response. I think you owe it to everyone who is impacted by horrific mistake!

Sincerely,

M. Marroquin
